## Youth Feeding Guide for Winning Show Pigs

# Feeding Show Pigs

- ShowTec Starter/Grower LN/FBZ (11148AE)** 

*Pelleted complete feed for deworming.*

  - Designed to feed for 3-12 days as a dewormer solution, can be fed from 25 lbs to finish or fed every 30 days.
  - Medicated with Lincomix and Safe-Guard, *no withdrawal.*
  - Provides 20.0 % Protein, 1.2 % Lysine, and 3.5 % Fat.
- 18% Pig Grow-Up DEN (S2411BM)**

*Pelleted complete feed for pigs weighing 30 to 100 lbs.*

  - Designed to be fed free-choice to support the growth, development, and bloom of young pigs being prepped for sale.
  - Also feed as the receiving and growing diet for show pigs after sale.
  - Medicated with Denagard for the control of swine dysentery; *2-day withdrawal time.*
  - Provides 18.0 % Protein, 1.3 % Lysine, and 5.5 % Fat.
- 16% Show Pig Finish-Up T100 (S2450BM)**

*Pelleted complete feed for pigs weighing 100 lbs to finish.*

  - Designed to maximize muscle development while maintaining a fresh, modern look in market weight pigs going to show.
  - Medicated with Tylan for maintaining weight gain and feed efficiency; *no withdrawal time.*
  - Provides 16.0 % Protein, 1.0 % Lysine, and 6.0 % Fat.
- 15% Commercial Pig Finish-Up (S2123CP)**

*Economic complete feed for pigs weighing 150 lbs to finish.*

  - Designed to maintain an excellent growth rate and muscle deposition with minimum feed cost.
  - Provides 15.0 % Protein, 0.9 % Lysine, and 6.0 % Fat.
- ShowTec Finisher TY/Paylean (12228NUWE4)** 

*Complete pelleted feed for the last 45 - 90 lbs of gain during the finishing period.*

  - Designed for increased rate of gain, improved feed efficiency, and increased carcass leanness in finishing swine during the last 21 days.
  - Contains Paylean combined with Tylan; *no withdrawal.*
  - Provides 20.0 % Protein, 1.25 % Lysine, 5.5 % Fat.

### Supplement Recommendations:

**StarShine FatPack (X2930BP)**  
 Feed to enhance body condition or to "soften" and "freshen" the look of extremely lean, muscular market barrows or gilts. Feed at the rate of 4 - 8 oz / hd / day.

**StarShine AminoPack (OX100AP)**  
 Feed to enhance muscle shape or to maintain muscle when market barrows and gilts are being aggressively held on a restricted diet. Feed at the rate of 2 oz / hd / day.

**StarShine ProbioPack (OX120AP)**  
 Feed to encourage feed intake and weight gain in slow-growing market barrows and gilts. Feed at the rate of 2 oz / hd / day.

**ShowTec Lean Maximizer**  
 Mini-pellet containing paylean.  
 See ADM info page for feeding directions.

Est. Daily Feed Pig Weight (lbs)	Consumption / Pig Feed Intake
8 to 15	½ lb
15 to 30	½ to 1 lb
30 to 60	1 - 3 lbs
60 to 100	2 - 4 lbs
100 to 150	4 - 5 lbs
150 to 200	5 - 6 lbs
200 to 250	6 - 7 ½ lbs

### Feeding Chart for Feeding Show Pigs:

Pig Weight / Age	Which Feed to Offer	Approx. Amt to Feed	How to Feed
30 to 100 lbs.	18% Pig Grow-Up DEN	1-2 bags per pig	Free-Choice
100 lbs to Finish	16% Show Pig Finish-Up T100	4-7.5 lbs / day	Free-Choice

NOTES: Feeding values provided are simply a guide and may not be suitable for every animal. Use the feeding chart as a recommendation where feeding rates may be adjusted for each individual pig.

## Nutrition Program for Show Pig Producers

### ❖ Sow Gestation Pellets (S2505CP)

*Pelleted complete feed for gestating sows.*

- Elevated levels of vitamins and minerals to support fetal development.
- Can also be fed during lactation along with Star\*Shine 26% Protein Pellets or offer Sow Lactation Pellets (S2506CP; available w/ 1 ton minimum order).
- Moderate energy level to maintain sow condition.
- Provides 13.0 % Protein, 0.6 % Lysine, and 4.0 % Fat.

### ❖ ShowTec Burst Starter CTC/DEN (24020AYWE4)

*Complete mini pellet feed for show pigs weighing 15 to 50 lbs.*

- Designed for starting and growing pigs being raised for show pig sales and early shows.
- Medicated with Chlortetracycline (for the treatment of bacterial enteritis and bacterial pneumonia) and Denagard (for the control of swine dysentery); *2-day withdrawal time.*
- Provides 21.5 % Protein, 1.5 % Lysine, and 6.5 % Fat.

### ❖ 20% Pig Start-Up DEN/CTC (S2412BM)

*Complete pelleted feed for pigs weighing 15 to 30 lbs.*

- Feed to enhance growth and bloom on weaned pigs being prepped for sale.
- Medicated with Chlortetracycline (for the treatment of bacterial enteritis and bacterial pneumonia) and Denagard (for the control of swine dysentery); *2-day withdrawal time.*
- Provides 20.0 % Protein, 1.5 % Lysine, and 7.0 % Fat.

### ❖ 19% Commercial Pig Start-N-Grow (S2100AP)

*Economic complete feed for growing commercial pigs from 30 to 150 lbs.*

- Designed to maintain excellent growth rate and muscle deposition with minimum feed cost.
- Provides 19.0 % Protein, 1.1 % Lysine, and 3.0 % Fat.

### Feeding Sows:

**Gestating females:** Feed a diet that controls weight gain. Limit-feed *Sow Gestation Pellets* at the rate of 4-6 lbs / day (first parity gilts should receive an extra 10-15%).

**Lactating females:** Increase feed to gestating females 1-week prior to farrowing. Feeding 10 to 18 lbs/day of either *Sow Gestation Pellets* + *Star\*Shine Protein Pellets* or *Sow Lactation Pellets*, on a free-choice basis, is recommended.

**Rule of thumb:** Sows need 4-6 lbs for maintenance + 1 lb / day for each pig in the litter.

### Feeding Boars:

A corn-soybean meal diet fortified similarly to a gestation diet is generally satisfactory for meeting the nutrient needs of a mature boar. The daily feeding rate should be adjusted based on condition and workload of the boar. Feeding 4-6 lbs/day of *Sow Gestation Pellets* is recommended.

### Performance Boost:

Offer *Star\*Shine Protein Pellets* to boost the protein and productivity of pigs.

## Feeding Chart for Starting Show Pigs:

Pig Weight / Age	Which Feed to Offer	Approximate Amount to Feed	How to Feed
Orphans (2 - 21 days of age)	ProNurse Specialty Milk Replacer	See label instructions	Free-Choice
15 to 50 lbs.	ShowTec BurstStarter CTC/DEN	2-3 bags/litter	Free-Choice
15 to 30 lbs.	20 % Pig Start-Up DEN/CTC	½ bag per pig	Free-Choice
30 to 100 lbs.	18 % Pig Grow-Up DEN <i>(see front side of sheet for product information)</i>	1-2 bags per pig	Free-Choice

NOTE: Feeding values provided are simply a guide and may not be suitable for every animal. Use the feeding chart as a recommendation where feeding rates may be adjusted for each individual pig. Provide fresh, clean water at all times.

Ranch-Way also distributes ADM MoorMan's ShowTec show feeds, allowing Ranch-Way to meet all of your show pig feed needs!
